

# 15-122: Principles of Imperative Computation, Spring 2024

## Test Submission

Due on [Gradescope](#): Now!

Name: \_\_\_\_\_

Andrew ID: \_\_\_\_\_

Section: \_\_\_\_\_

# Hello World!

**Preparing your Submission** You can prepare your submission with any PDF editor that you like. Here are a few that prior-semester students recommended:

- [Kami](#), [Adobe Acrobat Online](#), or [DocHub](#), some web-based PDF editors that work from anywhere.
- *Acrobat Pro*, installed on all [non-CS cluster machines](#), works on many platforms.
- *iAnnotate* works on any iOS and Android mobile device.

There are many more — use whatever works best for you. If you'd rather not edit a PDF, you can always print this homework, write your answers *neatly* by hand, and scan it into a PDF file — *we don't recommend this option, though*.

**Please do not add, remove or reorder pages.**

**Caution** Recent versions of Preview on Mac are buggy: annotations get occasionally deleted for no reason. **Do not use Preview as a PDF editor.**

**Submitting your Work** Once you are done, submit this assignment on [Gradescope](#). *Always check it was correctly uploaded.* You have unlimited submissions.
